## Elysian Valley Riverside Neighborhood Council

Los Angeles city Council file 09-0969 Comprehensive Fee Study / Recommended Fee Changes / Preparation of Ordinance

The Elysian Valley Riverside Neighborhood Council is against any fee hikes to the appeal process. The public should have the right to file an appeal against any project that they feel does not meet their community needs and they should be able to do so without the fear of cost. If a hike were to be approved not only will it disenfranchise the low-income residents but would create an environment of economic discrimination.

We therefore, move that the Elysian Valley Riverside Neighborhood Council is **AGAINST Los Angeles city council file #09-0969.**

Alejandro Palomino  
Elysian Valley Riverside Neighborhood Council / President
